

DSAIA's Entrepreneur Showcase

In 2023, DSAIA added an exciting addition to our Annual Leadership Conference, and it was a great success! The Entrepreneur Showcase is a section of our exhibit hall that features businesses owned and operated by individuals with Down syndrome. In addition to shining the spotlight on the amazing work being done by individuals with Down syndrome, DSAIA wants to inspire our attendees to purchase from these entrepreneurs and get good ideas for their own communities.

Exhibit Booth Space:

For a discounted booth rate of \$200, DSAIA will provide a dedicated space approximately 2' x 3'. This space is perfect for folks who have a lot to display and plan to be physically present at the conference. One complimentary registration is included in the booth fee; you are responsible for travel costs.

OR

Display Space:

We've made it super easy to showcase your business with a conference display! Just send a sample (or two) of your product, a flyer about yourself and your business, an order form, business cards, or something that tells people how to contact you. There is no cost to participate at this level. All products sent will be given to attendees as door prizes at the conference.

Once you have signed up for a display space, you can give your materials to someone who is coming to the 2024 DSAIA conference. Your materials should be dropped off at the DSAIA Registration Desk between 2:00 p.m. and 5:00 p.m. on Thursday, February 15.

If you prefer, you can mail your materials to arrive no later than February 12. Send to:
Down Syndrome Guild of Dallas
1702 N. Collins Blvd., Suite 170
Richardson, TX 75080
