## Fundraising Site Services Discount

EZ Event Solutions has been providing Online Fundraising Site services for the last four years and is proud to offer these services to DSAIA members at a 10% discount\*.

Their online system was built specifically to provide the services for events that require team pages and team fundraising efforts. Now, EZ Event Solutions would like to offer their services to DSAIA members to help your organization's event be a success.

The EZ Event Solutions fee structure is based on a percentage of an event's Usage Amount (UA) and no setup fee\*\*. The UA is a sum of the transactions entered into the system with the exception of a cap on large transactions. Transactions exceeding \$500 are capped at \$500 when computing the UA. For example, a \$5,000 donation would only count as \$500 towards the UA.
